

Dear professor,

I am contacting you because I saw the description of your project in CURCA-Hub, and I would be very interested in being a part of this research experience.

[If you want, you can also include information about yourself here such as your major, minor, graduation info and interests, previous experience with research]

I would love the opportunity to discuss this further with you, as it would be a great chance for me to grow as a student.

Thank you for your time and consideration.
